

2019-2020

Linguistics Course Sequencing

LIN 2100 is a prerequisite to everything.

Ideally, LIN 4145 Phonology, LIN 4150 Morphology and LIN 4410 Syntax should be taken before other courses, and these courses will be offered every other year.

HOWEVER

It is possible to manage LIN 4365 Methods of FL Teaching and LIN 4430 Sociolinguistics with just LIN 2100.

LIN 4200 Second Language Acquisition and LIN 4950 Special Topics are more demanding.

Please see the Faculty Advisor, Dr. Katya Nemtchinova, for further academic planning.
